

A**Five-gene host-response score and CRP**

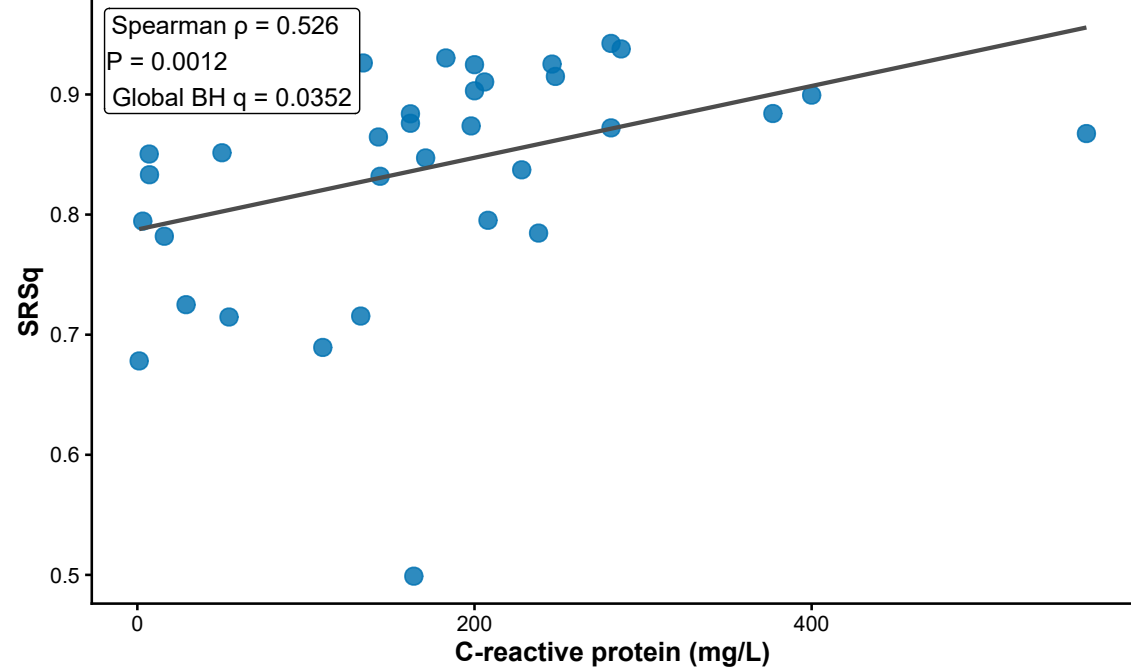

Discovery sepsis cohort; n=35

Five-gene host-response score

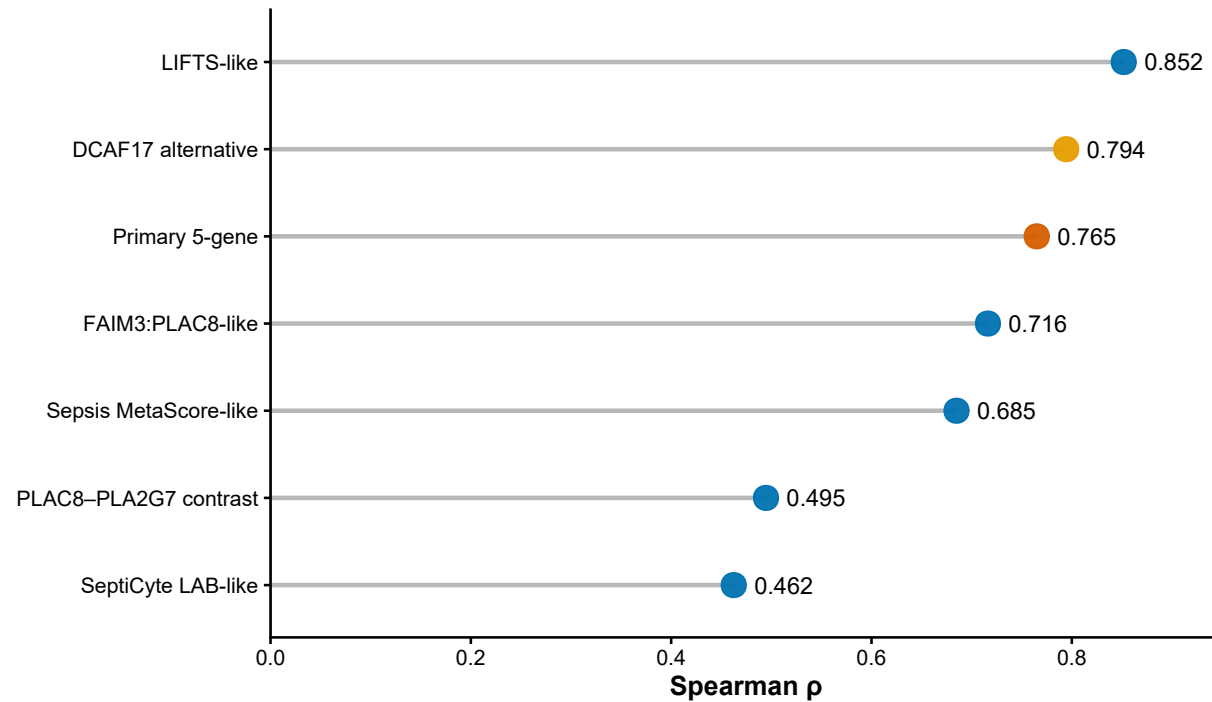

**B****Continuous SRSq host-response state and CRP**

Discovery sepsis cohort; n=35

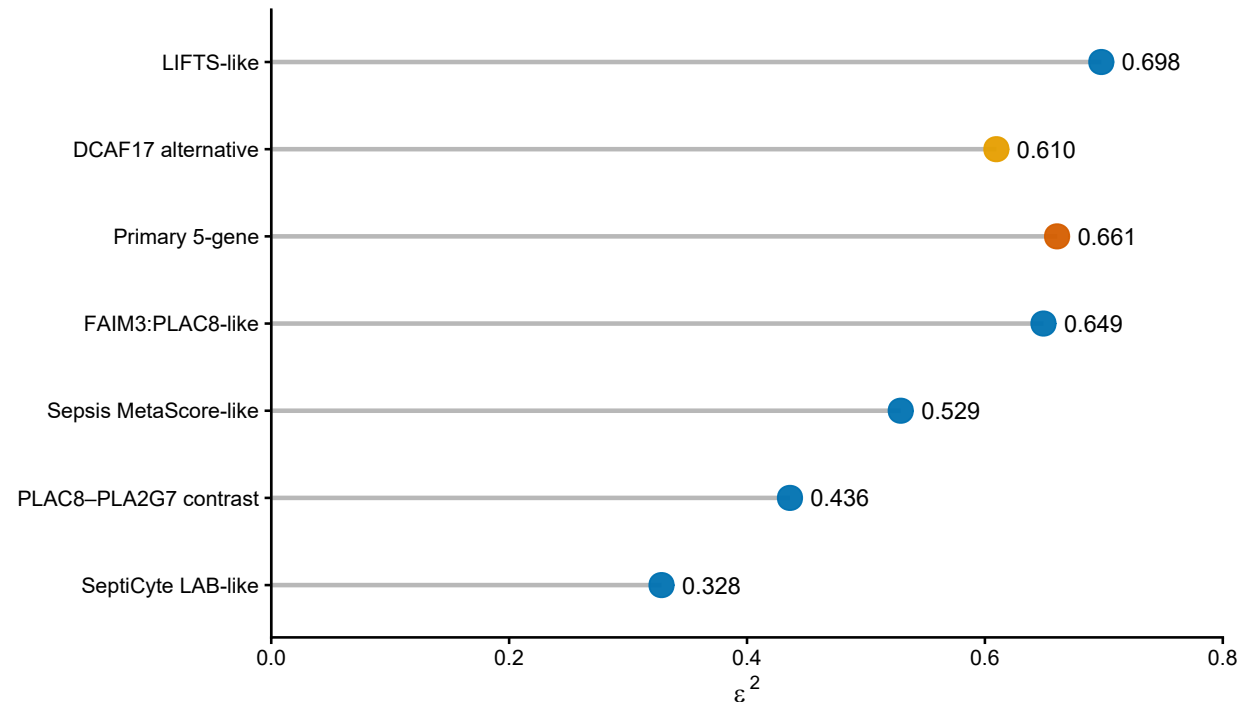

SRSq

**C****Convergence with continuous SRSq**

Spearman correlations within sepsis blood; n=35

**D****Association with Consensus Transcriptomic Subtypes**

Kruskal-Wallis effect size within sepsis blood; n=35
